Record Layout

SID data will be submitted to CEPI using a comma-delimited file format. This is commonly referred to as a comma separated value (CSV) file. Please note the following items pertaining to the layout of the file:

1. Fields A, B, and C must be submitted at the beginning of each record followed by the numbered fields as defined in the SID Data Field Descriptions.
2. Each field must be separated by a comma.
3. The reserved fields must be separated by a comma and should not contain any data.
4. Completed lines should end with the value of the last field, followed by a carriage return/line feed character pair.
5. A comma will always be treated as a field separator, so be sure that field values do not contain any comma characters.

For your convenience, changes that are effective beginning the 2017 EOY SID collection are marked as underlined Arial font (new requirement or clarification) on the following page.

For the 2017-18 School Year all optional fields will be removed. In addition, Sec. 1310a. (2) of Public Act 532 now requires districts to post incidents of crime annually on its website. The content of this report shall be determined through collaboration between the superintendent and local law enforcement officials.
